Held in the form of an open conversation, discussion was lead by the visiting team as they sought to develop their understanding and appreciation of our congregation, community and work. The team focussed on our vision for the future, our wish to grow our congregation by engaging young people and families and our financial position.

The team were very supportive of the Kirk Session and all that we want for our church. They were impressed with the enthusiasm and achievement of our Kirk Session and congregation in recent years, and specifically our church hall and what we do in terms of community work and engagement.

The team advised that a written report with recommendations would be sent within the next 10 days or so.

The meeting closed with prayer.
